

# BRAIN UNION GROUP 3

# INTRODUCTION

- Italian group
- Lithuanian group
- German group
- Polish group

# ITALIAN GROUP

## NOW

- Monday-Saturday / 8:00-13:30 (4 days)
- 8:00-13:00 (2 days)
- Lessons in the same classroom
- Gymnastics hours imprinted on volleyball inside the gym
- Lessons not always clear
- By now, a slightest part of our lessons is characterised by the use of technology

## DREAM

- Monday-Friday + on Saturday optional lessons
- Lessons in the same classroom but with different methodologies and activities
- Try new sports also outside (when weather is good)
- Lessons more involving
- Use more technologies (tablet for each other)

# LITHUANIAN GROUP

- monday-friday/ 8:00-ca. 15:00
- 10 min. Break between lessons
- twotimes 20 min. Long break
- Sometimes using smarphone, computer,...
- Normally lessons are in classrooms (specific rooms for sciences)
- When the weather is good the lessons are outside
- Teacher show stuff on smart boards
- Some lessons are boring
- Lessons are interesting, useful and involving
- Have lessons where we have to work in groups

# GERMAN GROUP

## NOW

- Monday-Friday / 8 -13.25 o'clock
- 6 lessons of 45 min (double periods)
- 2 breaks of 20 min and 5 min breaks in between
- Specific rooms for a few subjects like sciences etc.
- In general we have very good teachers
- Students usually participate in class
- Everbody is tired
- Some teachers don't want to use technology at school
- Our school offers many activities in the afternoon

## DREAM

- School starts at 9(more sleep → good concentration )
- Pupils and teachers have to be motivated
- Examples to understand the stuff
- You can control what you want to do as your homework (list with homework)
- Tasks to prepare by ourselves
- Good seating arrangement
- Different ways of teaching (games, kahoot, books, internet etc.)
- Learning support
- The pupils can decide when they want to have their 5-10 minutes break

# POLISH GROUP

1. Leaving the classroom satisfied - feeling that you have learnt something
2. Lessons should be interesting and fun. You can ask questions at any time and aren't afraid to do it. Good atmosphere in class - everyone respects everyone else
3. Using visual aids and extra material not only the textbook. Having a chance to use technology. Having classes outside the classroom - in the lab, outside, in the school library.
4. Having enough time to do each exercise to the end and to check if i have done it well. Having challenging tasks - not too difficult but not TOO easy. I need to know what i'm learning and where I will be able to use it. Being engaged in the lesson - we learn by doing, not listening to the teacher. Having a chance to decide what we will do in class.
5. Each lesson is different, the teacher doesn't repeat the same pattern over and over again.

Working in a team/pair.

# SUMMARY

## NOW

- Sometimes boring
- Long school days – not much sleep
- Almost always in the same rooms
- Many teachers don't use technology
- Stuff isn't always clear
- Schools have many school activities

## DREAM

- Different ways to learn
- You can ask your teacher in every phrase of the lessons
- Use many technologies (tablets, computers, kahoot,...)
- Learn outside and try activities out
- Good seating arrangement
- You can control what you want to do as your homework (list with homework)

# THE END

Thanks for listening

Do you have any questions?
